

More than value

SILON

TOLL COMPOUNDING

— We are specialized
in reactive extrusion,
high filled & customized
compounds

We have many years of experience in the custom manufacturing of compounds according to specific needs and requirements of our customers.

We arrange the delivery of manufactured compounds in the highest quality, reliably and cost-effectively. The result is premium quality products sold under the customer's brand name.

OUR MACHINES

- Different sizes of twin screws
75 – 130 mm
- Buss-Kneaders
- New technology (combining co- and counterrotating extruders)
- Output range: 400 – 2500 kg /h
- IR-Dryer
- Melt filtration
- Direct injection of liquids f.e. crosslinked materials
- R&D center with Lab Line

NEW TECHNOLOGY

- Low extrusion processing temperatures
- High throughputs
- Low die-pressures
- Perfectly incorporated fillers(dispersive and distributive mixing)
- Cost effective solution
- Variety of dosing units
- Packaging: bags, big bags, octabins and bulk loadings
